TIEMS 2021 conference Authors Instructions

AUTHORS INSTRUCTIONS FOR ABSTRACTS and FULL PAPERS

General Information:

Papers that have been published previously are not allowed to be submitted. Submission of a proposal presupposes that all co-authors have given their consent to publish the paper.

Abstracts:

In 250 – 300 words, the abstract should address all the important points of the paper to be submitted.

Full Papers:

All papers will be peer reviewed and approved ones will be in the proceedings. Papers are required to follow the standard set out below for publication in the TIEMS Conference Proceedings. The review committee will make best efforts to inform authors of revisions that would improve paper submissions.

Typescripts that have been accepted for publication become the property of the publisher. TIEMS reserves the right to publication. In the case of failing production of the manuscript, the rights are given back to the author.

Format of Paper and Text Area:

Papers that are not submitted according to the format below will not be accepted and will not be in the proceedings. There is a word-file on the TIEMS - website which can be used for your paper.

Language: The language of the conference and all submissions is English.

Page size: Please use A4.

The International Emergency Management Society

Margins: All titles, headings, text, and figures must be sized to fit within the space in the following guide:

Margins (cm)	
Top	2.5
Bottom	2.5
Left	2.5
Right	2.5

Headers and footers: Do not use headers and footers in your paper or poster; they may be used by the publisher in the final version.

Endnotes and footnotes: Please avoid footnotes except for affiliation's address. Endnotes should not be used.

Maximum size of paper: Papers should be ten (10) pages or less.

Order of Sections, Titles and Headings: Use the following order for sections of the paper:

Title	Mandatory	Provide 5 blank lines before
Author(s)	Mandatory	Provide 1 blank line before
Affiliation	Mandatory	Show only the main name of organization, and show address as footnote
Email	Optional	Please put at least an e-mail of corresponding author
Abstract	Mandatory	250 – 300 words
Keywords	Mandatory	Include approximately 5 keywords
Sections	As required	For research papers , sections should include: Introduction, Theory and Method, Results, and Discussion.
Sections	As required	For best practice papers , sections should include: Introduction, Thesis, application, Findings and Discussion
References	Mandatory	List only sources cited in the text. Do NOT list as Bibliography of related but not cited works. Use citation format specified below
Acknowledgments	Optional	

Illustrations, charts, and tables should be of a size adequate for clear understanding and placed in the text where appropriate. Title each at the top, centred, using the subheading style defined below. Illustrations, charts, and tables are numbered separately, but sequentially, from the beginning of the article and are referred to in the article by their number. Use half-tone images; coloured illustrations will be printed in black and white.

References / Citations: should within the main text follow the "(author, year)" format using the surname of the author only. Where there are two authors both should be listed separated

The International Emergency Management Society

by "and". If there are three or more authors the first should be listed followed by "et al". All and ONLY the sources referred to in the main text should be included in the references at the end of the document and should be listed alphabetically in the following format:

Book:

Alexander, D. (1993). Natural Disasters, UCL Press, London, United Kingdom

Book chapter:

Adams, A. (2001). Tactical Decision Making in Emergency Management. In E.Jones & G. A. Smith (Eds.). Emergency Management Expertise and Decision Making, p.000-000. Mahwah, NJ: Earlbaum.
